POSITION	**District Coordinators**
NUMBER OF POSITIONS	4 (Four)
REPORTS TO	State Lead
LOCATION	Lucknow/Patna
Posting Date	06/11/2026
Closing Date	12/11/2026

Background

World Health Partners (WHP) is a non-profit organization mandated to deliver holistic healthcare to underserved communities by innovatively leveraging available resources more efficiently. Evidence-based management and technological solutions that are sophisticated to work in extremely low-resource settings are the hallmarks of WHP's programming strategy. WHP believes that it is unconscionable to divide resources on ideological basis—such as public and private sectors—since low resource settings mandate a focus on collectivizing all existing resources to achieve better outcomes.

WHP is best known for its programs focused on early detection and treatment of tuberculosis in urban and rural settings supported by community-based activities to ensure prevention. WHP currently operates its projects in Bihar, Delhi, Jharkhand, Uttar Pradesh, Punjab, Haryana, Uttarakhand, Uttarakhand and Odisha.

About the project

WHP has been selected to implement Intensified Case Finding (ICF) under Tuberculosis Implementation Framework Agreement (TIFA) of select Medical Colleges, District Hospitals and Community Health Centers in Uttar Pradesh and Bihar. Medical colleges, district hospitals and Community Health Centers serve as a strong, yet underexplored, opportunity to identify missing cases, and integrate them into the care cascade. Medical colleges and district hospitals in India serve as tertiary referral hubs, witnessing massive daily footfalls in Outpatient Departments (OPDs) and high bed-occupancy in wards, contributing low notification of total cases consistently for decades. Despite the high potential, medical colleges, for example, face massive pre-testing attrition, with majority of symptomatic patients dropping out between the initial screening and the laboratory.

The District Coordinators serves as a pivotal role responsible for the comprehensive management of project implementation within the specified district. She/he will function as the primary point of contact from the World Health Partners for regular communications related to the project. Moreover, the District Coordinators responsible for managing facility staffs, monitor field officers work and handhold them on the activities and accountability for ensuring the timely and successful delivery of all committed project deliverables.

Qualifications, Skills and competencies

Key Responsibility Areas (KRA) would include but not be restricted to the following:

- Master's degree in social work, sociology, public health or in a relevant discipline with 5-7 years of experience or Graduates in a relevant discipline with substantial years of experience
- Should be a competent candidate experienced working in the field of TB or HIV Care and support with key/vulnerable populations.
- Willing to travel extensively to all facilities and District TB Offices and Tuberculosis Units
- Fluency in written and spoken in Hindi and local language and computer skills is desirable.
- Self-motivated and able to motivate field officers and other facility staffs
- Commitment to project activities, deliverables, timeline of project components
- Commitment to quality work by self, field officers, radiographers, facility staffs
- Two-wheeler with driving licence is must for this position as the position demands travel in facilities and stakeholders
- Must be good in interpersonal communication and must be excellent in the local language.

Scope of work and key responsibilities

- Function as point person for the project in the assigned district on behalf of WHP/TIFA
- Function as Head of Operations for all project activities in the intervention districts, which includes implementation and direct supervision of intervention facilities
- Overall responsibility to manage the TB Mukt Bharat activities in the intervention district
- Responsible for the project deliverables in the intervention facilities in the district to achieve deliverables
- Ensure the coordination with respective District TB Office and tuberculosis units with respect of the project activities
- Ensure the documentation and reporting from the intervention facilities level and ensure the same is updated to the State lead on daily/weekly/monthly basis
- Support the training activities planned for the medical colleges, district hospitals and Community health centers and field officers
- Provide Supportive Supervision to the field officers, radiographers and hospital staffs
- Ensure the planned activities are implemented on time with expected results envisaged in the project.
- Day today coordination with field officers for follow up of the activities conducted/planed
- Ensure regular (daily/weekly/monthly) monitoring of data entered by intervention facility staffs
- Attending/conduct coordination meetings with Line departments (District/TUs) for the support required for the project implementation
- Any other activities related to the project assigned by the line manager (State Lead)
- Note: The principal responsibilities listed above are an illustrative list and not an exhaustive list. Additional responsibilities may be added from time to time depending on Project requirements.

Remuneration

A competitive salary commensurate with experience is offered. World Health Partners (WHP) is an employer that follows the principle of equal opportunity about its hiring and promotion procedures. WHP does not discriminate based on religion, race, class, or gender and is committed to giving everyone an equal chance.
