POSITION	**Monitoring Officers**
NUMBER OF POSITIONS	2 (Two)
REPORTS TO	State Leads/Data Analyst
LOCATION	Lucknow and Patna
Posting Date	06/11/2026
Closing Date	12/11/2026

Background

World Health Partners (WHP) is a non-profit organization mandated to deliver holistic healthcare to underserved communities by innovatively leveraging available resources more efficiently. Evidence-based management and technological solutions that are sophisticated to work in extremely low-resource settings are the hallmarks of WHP's programming strategy. WHP believes that it is unconscionable to divide resources on ideological basis—such as public and private sectors—since low resource settings mandate a focus on collectivizing all existing resources to achieve better outcomes.

WHP is best known for its programs focused on early detection and treatment of tuberculosis in urban and rural settings supported by community-based activities to ensure prevention. WHP currently operates its projects in Bihar, Delhi, Jharkhand, Uttar Pradesh, Punjab, Haryana, Uttarakhand, Uttarakhand and Odisha.

About the project

WHP has been selected to implement Intensified Case Finding (ICF) under Tuberculosis Implementation Framework Agreement (TIFA) of select Medical Colleges, District Hospitals and Community Health Centers in Uttar Pradesh and Bihar. Medical colleges, district hospitals and Community Health Centers serve as a strong, yet underexplored, opportunity to identify missing cases, and integrate them into the care cascade. Medical colleges and district hospitals in India serve as tertiary referral hubs, witnessing massive daily footfalls in Outpatient Departments (OPDs) and high bed-occupancy in wards, contributing low notification of total cases consistently for decades. Despite the high potential, medical colleges, for example, face massive pre-testing attrition, with majority of symptomatic patients dropping out between the initial screening and the laboratory.

The Monitoring and Evaluation officers serves as a pivotal role responsible for the comprehensive data management of project from intervention facilities in the districts and state. She/he will function as the key point for data management and reporting to the project. Moreover, the M&E officers assumes accountability for ensuring the timely and correct reporting of data generated from respective intervention facilities.
