REPORTS TO	Regional Manager / Project Coordinator
LOCATION	Project Districts
Posting Date	29/11/2024
Closing Date	10/12/2024
Project Period	Till November 2029

Background

World Health Partners (WHP) is a non-profit organization mandated to deliver holistic healthcare to underserved communities by innovatively leveraging available resources more efficiently. Evidence-based management and technological solutions that are sophisticated to work in extremely low-resource settings are the hallmarks of WHP’s programming strategy. WHP believes that it is unconscionable to divide resources on ideological basis—such as public and private sectors—since low resource settings mandate a focus on collectivizing all existing resources to achieve better outcomes.

WHP is best known for its programs focused on early detection and treatment of tuberculosis in urban and rural settings supported by community-based activities to ensure prevention. WHP currently operates its projects in Bihar, Jharkhand, Uttar Pradesh, Punjab, Haryana, Uttarakhand, Himachal Pradesh, Gujarat and Delhi.

About the project

Government of Bihar has signed MoU with ‘World Health Partners’ for universal care of TB patients in private sector as ‘Patient Provider Support Agency (PPSA) in nine districts of Bihar (Araria, Banka, Bhagalpur, Katihar, Madhepura, Purnia, Saharsa, Supaul, Kishanganj).

This project is designed to directly support the efforts of the Government of Bihar (GoB) AND the Government of India (GoI) for an effective and efficient TB program in the Private Sector. The PPSA approach to private sector engagement and notification is along four critical axis: facilitate early and accurate diagnosis, facilitate cases notification, ensure appropriate treatment, and ensure treatment completion

Scope of work and key responsibilities

Key Responsibility Areas (KRA) would include but not be restricted to the following:

1. Report daily field activities to Project Coordinator/Regional Manager.
2. Identification of Providers (Formal/Informal/Chemist/Lab).
3. Facilitation of patient registrations and notifications in Nikshay 2.0 application.
4. Ensure sample deposition for UDST.
5. Follow-up with providers and Sputum Agents for sputum collection and report delivery.
6. Ensure the patient receives FDC/Pvt. drug at earliest possible.
7. Support supply chain management of FDCs at the provider-level.
8. Collection of A/C details of patients for DBT, NPY benefits.
9. Diagnostic test follow-ups.
10. Address Provider-level issues (i.e. provider participation, FDC supply, CBNAAT results, sputum transport, DBT etc.).
11. Arrange logistics for implementation of Family Planning Services camps in approved government PHC's and Primary Health Care Services & Education Counselling camps in Government/Private schools.

Note: The principal responsibilities listed above are an illustrative list and not an exhaustive list. Additional responsibilities may be added from time to time depending on Project requirements.
